

PLAN Test – Understanding Your Results

Reprinted from "Using Your Plan Results" 2009-2010, printed by ACT.

The full booklet may be found at:

<http://www.act.org/plan/pdf/UsingPLANResults.pdf>

This guide will give you information on using your PLAN Score Report.

Additional information, including

"What Do Your Scores Mean?" may be found at:

www.planstudent.org

Your PLAN Score Report contains a lot of information about your skills, interest, plans, and goals. You can use this information to make sure your remaining high school courses are the best ones possible to prepare you for college and help you consider your options after high school.

Use the PLAN booklet, along with your PLAN Score Report, to get a better sense of where you are, where you might want to go, and how to get there.

1. How am I doing so far?

Your PLAN Score Report shows you relative strengths and weaknesses in four subject areas important for success in college: English, math, reading and science. You can see how your scores compare to those of other students like you who have taken the PLAN. Ask your counselor how you can improve in areas where you are not strong.

2. What are my plans and goals for after high school?

When you took the PLAN, you answered question about the courses you are taking or plan to take in high school, your career interests, and you plans for after high school. This information will help you see if you need to change your educational plan in order for you to meet your goals.

3. Am I on track for college?

Your PLAN Score Report shows you how well you are learning the skills you'll need to be ready for college. Most likely, you have learned some of these skills better than others. Use your PLAN Score Report to help you strengthen those skills that you still need to work on.
